Subject.

Appointment of one Miss Jane Claridge as a Lady Apothecary

Offg Senior Surgeon's letter No Q 210 dated the 10th November, 1903.

Note.

With the above letter, the Offg Senior Surgeon forwards an application from Medical Practitioner Miss Jane Claridge and recommends strongly her appointment as a Lady Apothecary, as he knows her very well as a skilled. He states that a Lady Apothecary is much required to enable a Dispensary for women & children to be opened at Chikballapur Kolar Dist

The question of opening a female Dispy at Chikballapur was dropped as the Senior Surgeon reported that he could not provide funds from the sanctioned items of the Budget for 03-04 to meet the pay of a female Hospital Asst required for the Dispy

There are at present 9 Lady Apothecaries in service Please see pages 16 & 18 of the Gradation list put up

The pay proposed to be given to the applicant has not been stated in the Offg Senior Surgeon's letter

S.H.C. 19/11/03

The pay of the 4th Class Apothecary being Rs 75/ which the applicant expects & which the Offg Senior Surgeon apparently wishes to give her it is doubtful whether an apothecary is required for the Female Dispensary proposed to be opened at Chikballapur, because a Female Hospital Assistant is now available. Please see Govt order of 21st August 1903.

(The Chikballapur has long been promised a Female Dispensary and in reckoning the number of one - I do not object to a Lady Apothecary being put in charge of it - instead of a Female Hospital Assistant - But I am

not prepared to recommend for an additional grant. If funds already sanctioned remain, by all means let the Lemnos Hospital proposal be sanctioned

On the date of the Med. Revision order of the 23rd September, 1897, there were 9 Female Hospl Apptts of the 1st class with Apothecary qualifications serving in the Med. Deptt for the special benefit of women doctors with such qualifications the institution of a grade of Apothecaries with 4 classes was sanctioned by the said order, and all the 9 Female Hospital Apptts of the 1st class then in service

service were promoted to the last class of that grade Of these 9, a Lady Apothecary by name Sara Pattan, died sometime ago, and her place was not filled up separately, because one Miss R. Labourchardiere had been already appointed as a Lady Apothecary

Under the above circumstances, orders are solicited as to whether the Offg a reference may be made to the Offg Senior Surgeon, asking him to report whether he can find funds from the sanctioned items in the Budget to meet the pay of the Lady Apothecary proposed by him & also whether the appointment is within the sanctioned scale

Note Contd On this Office Docket No 379 dated the 29th January, 1904, the Offg Senior Surgeon was requested to report whether he could find funds from the sanctioned items of the Budget to meet the pay of the two Lady Apothecaries proposed by him and whether the applts were within the sanctioned scale

In reply he states that he can find funds from the sanctd items of the Budget viz from the forfeited pay of Apptd Surgeon Mr A. Appadurai Mudr on sick leave, and that the two new applts are not within the sanctd scale inasmuch as they are to

to be entertained in Connection with the two new dispensaries to be opened one at Chekkaballapur in the Kolar Distt and the other at Jarikere in the Kadur Distt

It is clear from the Senior Surgeons reply that the two appts of Lady Apothecaries recommended are new appointments not included in the sanctioned scale. ~~and~~ The initial pay of Lady Apothecaries being Rs. 75 each per mensem, a sum of Rs 150 per mensem is required for the two persons proposed to be entertained. The saving effected from the pay of Asstt Surgeon Appadorai Mudaliar is only a temporary one, which would be available only during the absence of that Officer on leave. If therefore the proposed appointments are sanctioned, it will, I think, be necessary to

to be entertained in Connection with the two new dispensaries to be opened one at Chekkaballapur in the Kolar Distt and the other at Jarikere in the Kadur Distt

I hesitate to recommend
this additional grant until I
am satisfied that the next year
Budget does not involve any
large excess over the current
year's grant. This proposal may
if acted by the Dewan, allowed
to lie over for consideration
with the Budget which I believe
must be coming in very shortly
if it has not already been received.
There can be no doubt that
both the Kattabommanar Zanana
— and especially the former
are sufficiently large & important
to require Female Dispensaries
& it is quite likely that one or two
persons of the Hospital Apothecary
Grade who will cost us much
less than Lady Doctresses
are not available.
